GP Hot Topics - Events 4 Doctors By Doctors

One Day Women's Health Update

These meetings are a one day update on a wide variety of women's health topics. Attendees will get six hours of CPD for attending. Speakers have been selected for their experience and understanding of key topic areas.

More details and registration can be found [here](#).

MEDFASH

Subscribe to the New MEDFASH eBulletin

The Medical Foundation for HIV & Sexual Health has released a new eBulletin. This will provide a national overview of the key developments in public health, the NHS and local government relevant to the commissioning and provision of sexual health and HIV services at a local level. Each issue will have a regular **eFeature**, which will cover the change agenda and assess the impact on sexual health. It will also have a round-up of policy news, relevant evidence updates and available tools and resources across the field of sexual and reproductive health and HIV.

To subscribe to the eBulletin, please [Click Here](#).

For further information on MEDFASH [Click Here](#).

Endometriosis

Please find below two links specific to endometriosis. One is a recent GP article, and the other relates to current guidelines. We feel these may be useful in practice.
